- POWDER COAT & PAINT
- VALVE & FUSE PLUG

FLEET MANAGEMENT

Our Fleet Management services bring an unprecedented level of seamless efficiency, and organization to any gas cylinder inventory.

- Ready To Fill Storage
- Asset Tracking
- Online Inspection Logs
- 24/7 Support

GAS FILLING SERVICES

- Ammonia
- Chlorine
- Sulfur Dioxide

CIRCLE TRANSPORT – TAILOR FIT PICK UP & DELIVERY LOGISTICS SERVICES

After your cylinders are tested, refurbished and ready to be put back into service, you can count on Circle Transport, the logistics arm of Alexander Cylinder Solutions to transport them back to you safely, efficiently, and promptly.

PROFESSIONAL INDUSTRY AFFILIATIONS

INVESTING IN LONG TERM CUSTOMER RELATIONSHIPS

Our new \$14M state of the art cylinder recertification and maintenance facility leads the industry in utilizing the best of today's advanced technology, automation equipment, digital record keeping, and customizable logistics services to achieve an unprecedented level of quality, safety, efficiency, reliability, and rapid turnaround times for our highly valued customers.

INNOVATIVE FLEET MANAGEMENT SERVICES

In addition to our incomparable testing and maintenance services, Alexander Cylinder Solutions has also reinvented the way cylinder fleet management services are delivered.

Whether it be our cutting-edge ready-to-fill storage services, asset tracking capabilities, digital inspection log portal technology or complete 24/7 support, our dedication to customer success is unmatched in the marketplace.

CUSTOMIZED DELIVERY SERVICES

Through our highly reliable, in-house logistics company, Circle Transport, our team can create customized delivery services and schedules that meet the specific needs of each customer.
