ALEXANDER CHEMICAL CORPORATION

THE ALEXANDER CHEMICAL DIFFERENCE

For more than 75 years, Alexander Chemical, a part of the Carus Group of companies, has been a trailblazing leader in the chemical and gas product, distribution, and manufacturing industry. Founded in 1950, our mission has been to provide an unmatched level of quality products, safety, and value to our customers across the globe. We manufacture and distribute a variety of solid, gas, and liquid chemical products for public utilities, chemical companies, industrial manufacturing facilities, and municipalities in the areas of water treatment, wastewater treatment, pharmaceutical, oil and gas, refining, chemical manufacturing, agriculture, and food processing.

Focused on building long-term partnerships with our customers, products are delivered in the exact quantities and container types best suited to their operational needs. Alexander Chemical also offers integrated, chemical logistical services through Circle Transport. Known industry-wide for their reliability and safety record, the highly experienced drivers and dispatch team can tailor our services to meet each customer's specific logistical/delivery requirements. Each truck in our fleet is specially equipped to ensure deliveries arrive safely, promptly, and efficiently.
